ABOUT US

Flange Supply Company is a specialized supplier of industrial-grade piping components, offering a complete range of flanges, gaskets, bolts, and related accessories. With a strong commitment to quality and reliability, we serve industries that demand high performance and zero tolerance for failure — including oil & gas, petrochemical, power generation, and water treatment sectors.

Our vast inventory, deep technical expertise, and trusted global sourcing network enable us to deliver timely, cost-effective, and technically sound solutions for all types of bolted connection systems.

OUR MISSION

To provide safe, durable, and efficient connection solutions through high-quality flange systems and expert technical support — enabling operational reliability for industries around the world.

Our Vision

OUR VISION

To become the preferred global partner for industrial flange and gasket supply, known for service integrity, engineering excellence, and customer satisfaction

CORE CAPABILITIES

FLANGE SUPPLY

We offer an extensive variety of flange types in multiple material grades, suited to different industrial conditions and international standards.

TYPES OF FLANGES

Weld Neck Flanges

For high-pressure, high-temperature pipelines

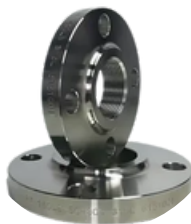

Slip-On Flanges

Quick-fit and cost-effective

Blind Flanges

Used to terminate pipelines

Socket Weld Flanges

Ideal for smaller diameter piping

Lap Joint Flanges

Used with stub ends for easy alignment

MATERIALS OFFERED

Carbon Steel

Stainless Steel

Alloy Steel

(Inconel, Monel, etc.)

Plastics for specialized
chemical applications

GASKET SOLUTIONS

We offer an extensive variety of flange types in multiple material grades, suited to different industrial conditions and international standards.

TYPES OF GASKETS

Spiral-Wound

Ring Type Joint
(RTJ)

Rubber

PTFE (Teflon)

Selection based on pressure class, temperature range, and fluid compatibility

BOLTING COMPONENTS

We supply industrial-grade bolts and nuts to ensure secure and leak-proof flange connections.

01

High tensile strengt

02

Corrosion resistance

03

Certified torque values

04

Compatible with various gasket types and flange faces

DESIGN & APPLICATION CONSIDERATIONS

Every system is different. We support clients in choosing the right components by considering

- 01 Operating pressure and temperature
- 02 Corrosion resistance
- 03 Certified torque values
- 04 Compatible with various gasket types and flange faces

PROJECT ACCESSORIES

WE PROVIDE FULL-SYSTEM SUPPORT WITH
ESSENTIAL INSTALLATION AND MAINTENANCE
ACCESSORIES

STUD BOLTS & NUTS

INSULATION KITS

FLANGE PROTECTORS

PIPE SUPPORTS &
CLAMPS

ALIGNMENT PINS

SERRATION TOOLS

Lubricants and anti-
seize compounds

TEST PLUGS

BOLT TENSIONERS
AND TORQUE TOOLS

INDUSTRIES WE SERVE

Oil & Gas

Petrochemicals & Chemicals

Power Generation

Water & Wastewater Management

Marine & Offshore

Industrial Processing Units

GLOBAL MANUFACTURER PARTNERSHIPS

WE WORK CLOSELY WITH 40+ TOP-TIER MANUFACTURERS
FROM THE USA, EUROPE, ASIA, AND THE MIDDLE EAST TO
ENSURE QUALITY AND AVAILABILITY. NOTABLE NAMES
INCLUDE

Shenzhen Haohaichang Industrial Co., Ltd
